MEMORANDUM OF UNDERSTANDING

The North County Fire Fighters Association, International Association of Fire Fighters, Local 3058 and representatives of the North County Fire Protection District have met and conferred in good faith regarding wages, hours, and other terms and conditions of employment of employees in the representation unit specified in Section 1, have endeavored to reach agreement on all matters relating to the employment conditions and employer-employee relation of such employees.

This Memorandum of Understanding is entered into pursuant to the Meyers-Milias Brown Act (Governmental Code Section 3500, et. seq.) and the North County Fire Protection District Employer-Employee Relations Resolution #89-10-1 and has been jointly prepared by the parties.

This Memorandum of Understanding shall be presented by the Union to the Employees to be covered hereby for ratification by said employees, and shall thereafter be presented to the Board of Directors as the joint recommendations of the undersigned for salary and employee benefit adjustments for the period commencing July 1, 2022 through June 30, 2024.

Section 1 Association Recognition

The North County Fire Fighters Association, International Association of Fire Fighters Local 3058, herein after referred to as the "Association" is recognized as majority representative, as provided in the North County Fire Protection Districts Employer Employee Relations Resolution #89-10-1 adopted by the Board of Directors, for all Employees assigned to the classifications set forth in Section 3. 1.

Section 2 Association Security

2.1 Dues Deductions

The Association may have the regular dues of its members deducted from the employee's paycheck. The following procedures shall be observed in the withholding of Employee earnings.

Payroll deductions shall be for an amount specified by the Association and uniform as between Employee organization and shall not include fines, fees and/or assessments. Dues deduction shall be made only upon the employee's written authorization on a payroll deduction form provided by the District.

Authorization, cancellation or modification of payroll deduction shall be made upon forms provided by the Fire Chief. The voluntary payroll deduction authorization shall remain in

effect until employment with the District is terminated or until canceled or modified by the employee by written notice to the Fire Chief. There shall be 30 days advance notice of cancellation.

Amounts deducted and withheld by the District shall be transmitted to the Officer designated in writing by the Association as the person authorized to receive such funds, at the address specified.

The employee's earnings must be sufficient; after all other required deductions are made, to cover the amount of the deductions herein authorized. When an employee is in a non-pay status for an entire pay period, no withholding will be made to cover that pay period from future earnings nor will the employee deposit the amount with the District which would have been withheld if the employee had been in a non-pay status during a part of the pay period, and the salary is not sufficient to cover the full withholding, no deduction shall be made. In this situation other required deductions have priority over the Association deduction.

The Association shall indemnify, defend and hold the District harmless against any claim made, and against any suit instituted against the District on account of withholding Association dues. In addition, the Association shall refund to the District any amount paid to it in error upon presentation of supporting evidence.

2.2 Use of District Facilities

The Association shall be allowed use of space on available Department bulletin boards for communications having to do with official organization business, provided such use does not interfere with the needs of the District. This privilege may be revoked for just cause after the Fire Chief confers with representatives of the Association. Solicitation for membership or other internal employee representation business shall be conducted during the non-duty hours of all employees concerned.

The District agrees to grant official representatives of the Association reasonable access to discuss grievances arising under the terms of this Memorandum of Understanding with represented employees during working hours. 12.2 Vacation Scheduling

The District will keep a ledger for vacation and CTO time stating, who if any, is going to be off for vacation or CTO at any given time.

The first step in a non-seniority selection is to check with the Ledger for available time.

After it is ascertained the time is available, a request form is filled out and sent through inter-Department mail to the OIC (Officer in Charge) at station one.

The OIC at the Station One shall check the ledger for available time and make a note on the ledger. The OIC on duty may grant such request if such request does not reduce District staffing below minimum.

Vacation time may be selected by seniority in twenty-four (24) hour increments. The seniority selection process shall take place from November 1st through December 31st. The vacation time being selected shall be for the following year from January 5th through the year until the next January 4th. Each selection shall be continuous from start to finish with no interruptions. There is no limit to the number of selections an employee may take.

Failure to fulfill these obligations will forfeit the employee cancellation and the seniority vacation pick will stand as scheduled.

It is the policy of the District to allow no more than one employee off on vacation at the same time from the same shift.

The Fire Chief or his/her designated representative will authorize additional personnel time off, utilizing CTO provided it does not impede District operations and provided that a Scheduled Time Off Request Form is completed pursuant to established guidelines. The guidelines for utilizing CTO for second person off shall be contained in the District's Operations and Administrative Policies and Procedures Manual.

Mandatory training missed because of approved second person off CTO shall subject the employee to the same provisions of training make-up requirements as contained in Section 6.

Mandatory training missed because of approved memo pick vacations shall subject the employee to the same provisions of training make up provided that the monthly training schedule is posted. Memo pick vacations approved prior to the posting of the monthly training calendar shall be treated the same as a seniority vacation pick.

Mandatory training missed because of seniority picked vacations is not subject to the mandatory make-up provisions as contained in Section 6. The District shall schedule the training for those employees that miss mandatory training because of seniority selection vacation.

The employee can exchange seniority selected vacation for approved time off. Examples of approved time off would be sick leave, 4850 time, and family leave.

From January 5th through January 4th, non-seniority vacation and CTO time shall be granted on a first request first granted basis.

Vacation or CTO time may be taken in one-half hour increments after the first one (1) hour.

A request of less than twenty-four (24) hours cannot be made until seven days prior to the selected time.

The District shall have the right of an employee with no seniority and can request up to 288 hours per shift of CTO each year with one exception. If the District requests a partial shift, it can be bumped by a request for a full shift up to seven days prior to the time being taken.

12.3 Vacation Accumulation

An employee may accumulate no more than four hundred thirty-two (432) hours of vacation accrual to his/her credit at any one time. The District will be financially liable for four hundred thirty-two hours.

An employee, who is ordered to another shift, may then cancel his/her vacation time and carry that amount of hours over the 432-hour cap for a period of one year from the time of occurrence.

Such compensation for earned vacation shall be paid to the employee in one lump sum in a final check.

Section 13 Sick Leave

13.1 Sick Leave Accrual

For such full-time regular and probationary employees, sick leave shall be accrued at the rate of twenty-four (24) hours for each full calendar month of service. Employees shall be able to accumulate an unlimited amount of sick leave.

The intent of the sick-leave accumulation is to provide District employee's with income protection. This allows employees to utilize accumulated sick leave for extended illnesses.

13.2 Sick Leave Usage

Sick leave with pay shall be granted to all full-time regular and probationary employees to a maximum of the hours accrued. Sick leave shall not be considered as a right that an employee may use at his/her discretion, but shall be allowed only in a case of necessity and actual personal sickness or disability. In order to receive compensation while absent on sick leave, the employee shall notify the OIC at Station One at least 1/2 hour prior to his/her starting duty time. It is the employee's responsibility to notify the OIC at Station One if anticipated sick leave will be more than one shift. Employees will be allowed to use sick leave for care of dependents.

When sick leave is used for care of dependents, the employee shall be allowed a maximum of one full shift plus the next following consecutive shift after which time shall be charged to vacation or CTO. In the case of maternity/paternity leave the employee shall be allowed a maximum of three full shifts. Additional time, with the approval of the Chief, which shall not be unreasonably withheld, shall be charged to vacation or CTO and the employee shall have the right to appeal to the Board of Directors for reinstatement of vacation time and leave charge to sick leave.

It is not the intent of the District's sick leave accumulation benefits to imply that employees are entitled to one day off sick per month. Sick leave as described in paragraph one is allowed only in a case of necessity and actual personal sickness or disability. This understanding also applies to sick leave usage for the care of dependents. Both the District and the Association agree sick leave is not to be abused. If a noticeable pattern of sick leave usage is detected, the Fire Chief or his/her designated representative may issue a written warning. Any employee on sick leave may be subject to a "wellness check" by the fire chief or his/her designated representative. If the noticeable pattern continues, a written notice requiring a doctor's release may be issued to the employee.

13.3 Termination of Sick Leave Usage

When an employee qualifies for Section 15.2 benefits they may choose to terminate sick leave usage for the amount of hours they have accrued without any loss of benefits or seniority.

13.4 Non-Sick Leave Usage

An employee shall accumulate twenty-four (24) hours CTO after completion of three hundred sixty five (365) consecutive days without use of sick leave.

13.5 Compensated Sick Leave on Retirement

Upon an employee's retirement, such employee shall be entitled to receive up to 582 hours of his/her accumulated sick leave in pay. The payoff amount will be based upon the employee's current hourly wage rate at the time of the employee's retirement.

13.6 Service Credit for Sick Leave on Retirement

Employee's accumulated sick leave balance shall upon retirement be converted to additional service credit at the rate of 0.004 years of service credit for each day. One (1) day equals (8) hours of sick leave.

Section 14 Bereavement/Emergency Leave

14.1 Bereavement Leave Qualifications

Upon request, bereavement leave shall be granted for a death in the employee's immediate family.

14.2 Bereavement Leave Usage

When the employee is notified of a need to use Bereavement leave, he/she shall receive time off as follows:

- 6 shifts for the death of a spouse, child of the employee, or the child of a spouse.
- 3 shifts for the death of a parent, brother, or sister of the employee.
- 1 shift for the death of other family members in the employee's immediate family.

Other family members shall consist of the employee's grandparents, grandchildren, spouse's parents, grandparents, grandchildren, brothers, sisters, or others as petitioned.

Bereavement leave shall not be deducted from any of the employee's leave banks.

14.3 Emergency Leave

Paid emergency leave shall be granted in the event of serious illness or injury to a member of the employee's immediate family. Emergency leave shall be deducted from the employee's sick leave bank.

The immediate family shall consist of the employee's spouse, children, parents, the spouse's children, or others as petitioned.

When the employee is notified of a need to use emergency leave, he/she shall receive the rest of the shift (if on duty) and the next shift off.

Section 15 Health and Welfare

15.1 Hospital, Medical, Dental, Vision, Life Insurance

The District shall contribute a maximum of \$1,600 per member to maintain medical, dental, vision and life insurance benefits as selected by the Association. Deductibles are not reimbursable.

Members shall enroll in the CalPERS Health Program and may choose any plan available to them within that program. The individual whose premium exceeds the maximum \$1,600 shall pay the additional cost through payroll deduction.

In any parity calculations, each employee's health insurance benefits shall be based on the \$1,600 maximum and not the actual amount paid for any individual employee. Any amount over \$600.00 unused by the member shall be provided to the member as "in-lieu" pay.

15.2 Long Term Disability

The District shall contribute an amount necessary to maintain the current benefits provided by California Association of Professional Firefighters Group Long Term Disability.

15.3 Hospital, Medical Insurance upon Retirement

Employees who retire from employment with the District at or after age 50 shall be provided by the District with the same health insurance contribution which the District provides for active employees, provided the cost of said insurance does not exceed \$600.00, and shall receive the health insurance benefits selected by members of the Association until the retired employees reach age 65.

Employees who retire from employment with the District for service rather than disability and who have rendered service for a total of 20 or more years with the District and other districts with which it has been consolidated shall also be provided with said health insurance contribution, but for a maximum period of 15 years or until attaining age 65, whichever occurs first. Such employees who retire for service rather than disability before attaining the age of 50 and who have rendered service for a total of 20 years or more with the District or other districts with which it has been consolidated must elect upon retirement to receive such benefits either for a period of 15 years commencing at that time or for a period of 15 years commencing when they reach the age of 50.

Employees who retire from employment with the District for disability and who have rendered service for a total of 20 or more years with the District and other districts with which it has been consolidated shall be provided with said health insurance contribution commencing upon retirement and continuing until they attain age 65 regardless of their age at retirement.

The benefits under this provision only apply to current employees and their retirement, and in no way effect any existing retiree's benefits.

Section 16 Uniforms

The District shall purchase, maintain, clean and specify all duty and dress uniforms for employees. All uniforms are the property of the District. The District and the Association agree employees will comply with department standards with regard to appearance and cleanliness. The District agrees to pay the cost of cleaning department-authorized uniforms. The District will establish an account at a dry cleaning establishment located within the District. For its part, the Association agrees its members shall deliver and retrieve uniforms from the dry cleaning establishment. Subject to the approval of the Fire Chief or his/her representative, uniforms may be delivered or retrieved during work hours. The District agrees to replace uniforms on an as needed basis, as determined by the Fire Chief. It shall be the responsibility of each employee to arrange for approved purchasing, fitting, pickup delivery, return, repair, and control of uniform items.

The parties agree that for PERS reporting purposes, the value of maintenance and replacement is \$600.00 per year. The District shall pay the employer contribution and the employees shall pay the employee contribution for the value of the uniform service. Such payment (\$54.00) shall be made through payroll deduction semi-monthly.

Section 17 Probationary Period

17.1 Duration

All original appointments shall be subject to a probationary period of one (1) year of actual service commencing with the date of appointment. During the probationary period an employee may be rejected at any time by the Fire Chief without right of appeal in any manner and without recourse to the procedures provided in Section 21 (grievances) thereof.

Any regular employee rejected during the probationary period following a promotional appointment, or at the conclusion of the probationary period, shall be reinstated to the position from which he was promoted, unless conditions warrant his/her dismissal.

When a firefighter is promoted to Lieutenant, the probationary period will be for one (1) year commencing from the effective promotional date. The Fire Chief has the option to extend this probationary period for up to six months. Upon a Lieutenant's promotion to Captain, the probation period will be 4 months. A promoted Lieutenant who has not completed the probationary period, and is then promoted to Captain, is still required to fulfill his/her mandatory probation period for both the Lieutenants and Captains. In the event an employee recalled to work declines, the employees name will be removed from the re-employment list.

18.5 Reinstatement

When a laid off employee is reinstated, his/her prior accrued unused sick leave shall be credited and his/her seniority will be determined from his/her original date of hire.

Section 19 Promotional Examination Procedures

19.1 Promotional Appointment
